

# 22 Ton

## VH9922 Vertical/Horizontal Log Splitter

- **22 ton splitting force**
- **14 second cycle time**
- **5.5 HP Engine**

This professional quality log splitter is designed for tough applications in both vertical and horizontal positions. An attractive powder coated finish provides the finest protection available, and Brave's rigid quality control and component testing help ensure years of productive, reliable service. Since 1982, the name Brave has stood for quality and reliability when it comes to log splitters and wood processing products.

*Superwedge –  
Spreads the log while  
splitting*

# VH9922 Vertical/Horizontal Log Splitter

## ***BRAVE – the finest log splitter on the market today!***

- Rugged, heavy-duty construction for years of exceptional service
- Ergonomic design for use in vertical and horizontal operating positions
- Rigid quality control during manufacturing ensures greater reliability
- Factory testing of all major components and hydraulic tank
- Powder coated finish for the best appearance and weather protection
- Year-round manufacturing, parts, and support

### **MECHANICAL SPECIFICATIONS**

---

Beam	.3 inch x 6 inch reinforced heavy-duty rectangular tubing
Wedge	High carbon steel, compound angle
Force/Tonnage	.22 ton
Cylinder Stroke	.24 inches
Log Opening	.25 inch maximum
Cycle Time	.14 seconds (approx.)
Operating Positions	Vertical/Horizontal
Wheels & Tires	High-Speed, 4.80 x 8"
Safety Chains	Standard
2" Hitch Coupler	Standard
