

WOODS MZ-SERIES MID-MOUNT ZERO-TURN RIDING MOWER

Woods' new MZ-Series offers power and performance with easy, simple maintenance.

The powerful, vertical-shaft engine transfers power to the cutting blades for a forceful, clean, uniform cut. It's designed with a low center-of-gravity for greater stability and traction on slopes. A flip-up footrest and seat make it easy to reach belts, spindles, hydraulics, and electrical components. You can easily adjust the 1.5 - 4.5-inch cutting height from the operator's seat.

And, talk about durable. The full-float deck features two layers of 10-gauge steel, with 7-gauge reinforcement, and 7-gauge steel skirt. Yet you still ride comfortably in a high quality, adjustable suspension seat with armrests. In fact, you can mow all day, thanks to a 9.5 - or 12-gallon fuel capacity.

Woods model MZ3361G

WOODS MZ-SERIES

PREFER DIESEL? SEE YOUR DEALER FOR MODEL INFO!

KEY FEATURES

- Two-year or 2,000-hour warranty
- 12-gallon fuel capacity on Generac® engine models
- Low center-of-gravity for more stability and traction on slopes
- Easy to adjust 1.5 - 4.5-inch cutting height
- Flip-up footrest and seat offers easy access for maintenance
- Rugged, full-float deck has two layers of 10-gauge steel, with 7-gauge reinforcement, and 7-gauge steel skirts
- Oil cooler reduces wear and extends life of hydraulics and drive system
- Maintenance-free spindles have double sealed, precision ground ball bearings and 1-inch shaft

PERFORMANCE GUIDE

Top-quality, commercial finish mower for professional groundskeepers, landscapers, and homeowners maintaining lawns of one or more acres.

OPTIONAL ATTACHMENTS

- Grass Collection System
- Mulching Kit
- Roll Over Protection System (ROPS)
- Striping Kit
